

## Abatement of Norfolk Circuit Courthouse

**Circuit Court Building ready for abatement prior to demolition.**

**BEFORE**

**DURING**

## Abatement

### Details:

- Owner: City of Norfolk
- General Contractor: Archer Western
- Project Name: Norfolk Consolidate Courts Project / Demolition
- Location: Downtown Norfolk General District Courts Building

## Description:

This project consisted of demolishing 102,500 square feet of the two story Circuit Courts Building in Downtown Norfolk, including the steel framed basement. Abatement included all bulbs/ballasts (PCB/ mercury); 72,000+ SF of floor tile and mastic (non-friable asbestos); 10,000+ SF of wall and ceiling plaster (friable asbestos); 7,500+ LF of duct and pipe insulation and mastic (friable); and 2,500 LF of window glazing (non-friable.) Over 3,715 tons of concrete were recycled. The building was less than 60 feet from City Hall, which remained open and active throughout demolition, with no interruptions.
