## Selective Demolition and Abatement of Cavalier Country Club & Hotel

Demolition on all floors included structural testing and preservation of historic components.

## Select Demolition

### Details:

- Owner: Cavalier Associates, LLC
- General Contractor: W.M. Jordan
- Project Name: Cavalier Interior Demolition
- Location: Virginia Beach VA

### Description:

Since the Cavalier Hotel and Country Club at the Virginia Beach Oceanfront is a historic landmark, deconstruction of the interior required evaluation of the old structural integrity, as well as preservation of the historic elements, and asbestos abatement. Selective demolition spanned eighth months, and included carefully engineered clearing on all floors in the interior of the building.
