## Demolition & Abatement: Various Buildings Christopher Newport University

**Safety requirement: campus remained open to the public during demolition.**

### Heavy Demolition

#### Details:

- Owner: W. M. Jordan
- General Contractor: W. M. Jordan Co.
- Project Name: Various Building Demolitions, CNU
- Location: Newport News VA

#### Description:

**HEAVY DEMOLITION:** This project consisted of heavy and select demolition of a former bowling alley, credit union, theater, science center and student dorms. Also, asbestos, lead & PCB removal, disposal and backfill was required for net positive drainage, sewer cap, and Freon evacuation. Approximately 3,500 tons of concrete, brick and CMU were crushed and stock piled on site. The work was executed safely and without issue while the campus remained open to the public during ongoing classes.
