## Demolition of Kempsville Recreation Center

Cleared way for new recreation center. Materials recycled onsite into new foundation.

## Heavy Demolition

### Details:

- Owner: City of Virginia Beach
- General Contractor: McKenzie Construction Corporation
- Project Name: Kempsville Recreation Center Demolition
- Location: 800 Monmouth Ln, Virginia Beach, VA 23464

### Description:

**HEAVY DEMOLITION:** The scope of work for this project included demolition, removal, and disposal of approximately 74,000 SF of a three story recreation center. Prior to demolition, the project entailed the removal and disposal of both friable and non-friable asbestos floor tile, fire doors, pipe insulation, and window caulk. Along with the demolition and abatement activities, over 93%, (equating to approximately 11,000 tons) of the building materials being were recycled. All Concrete, brick, block, and asphalt materials were crushed on site, with the majority of these materials being reused on site, during the construction of the new recreation center.
